Verona and Fitchburg Leaders and Officials,

Fire Fighters Local 311 has been made aware of preliminary discussions regarding the future of Fitch-Rona EMS. These discussions include the possibility of shutting down and/or splitting Fitch-Rona into two services provided by the Verona and Fitchburg Departments. These changes would obviously have an impact on our members employed by Fitch-Rona EMS. Our concern is for our members and that they remain employed, can continue to provide service to the community and are able to continue to support themselves and their families.

We request that as these discussions go forward we would have a seat at the table to voice our members' needs and concerns. This will help prevent any future complications should we be brought in to the discussions after decisions have been made.

We appreciate your consideration in this matter and for your partnership with us in serving our community.

Please reach out to Secretary/Treasurer Pete Friedericks at 608-449-5969 at any time.

Regards,

Mahlon Mitchell
President
